WHEREAS, National Gypsum Company has ownership of property known as Block 118, Lots 2 thru 5, in the Township of Passaic, Morris County, and

WHEREAS, in accordance with N.J.A.C. 7:26-2.9.4, which states, in part, that the responsibility for maintenance of discontinued landfill operations shall rest with the property owner of record, and

WHEREAS, investigation conducted on January 5, 1978 by representatives of this Administration disclosed that some of the material formerly deposited in this landfill is now exposed and in direct contact with the waters of this State, and

WHEREAS, said material has been analyzed and has been identified as containing asbestos, and

WHEREAS, the exposure of said material and its contact with waters of this State poses a potential threat to the health and welfare of the citizens of this State.

NOW, THEREFORE, National Gypsum Company is HEREBY ORDERED TO:

1. Cover all exposed materials in accordance with existing Solid Waste Administration rules and regulations within thirty (30) days and maintain said cover material over the entire site.

ASB 002 0057

- (2) Within thirty (30) days, submit a plan to the Solid Waste Administration, for its review and approval, which sets forth a long-term plan for the maintenance of this cover material, including any rip rap, dikes, etc. that are appropriate to prevent the waste material from coming into contact with the waters of this State.

In addition, you are hereby notified that continuation of the present condition is a violation of the regulations of the Solid Waste Administration. Pursuant to N.J.S.A. 13:1E-1 et seq., any person in violation of these regulations is liable to a penalty of \$3,000 per day for each violation.
